lim sharn
writer

Antique books - I love the smell of old books!
Sharn was an educator at tertiary level, and a design practitioner. These days, she dabbles in music, design and writing almost in equal measure, but what has been keeping her most busy of late is the unending job of being a Mama. She dreams of living the simple life with her family in a houseboat.

jacinta freeman
lecturer

Collect inspirations.
Always taking on the world with enthusiasm and positivism, Jacinta has read, written and travelled extensively. From Israel to Serbia, every journey to a different place or between pages has been a new discovery waiting to be shared. Exploration and reflection are two key words she is especially passionate about.

michael tan
photographer

Jokes from daily life to amuse myself when I grow old.
What began as a childhood hobby for Michael turned into a highly successful photography career. He was first introduced to photography by his father and started commercial training in 1999 before establishing a company in 2001. A receiver of an Honourable Mention in the International Photography Awards in 2006.
